

## Midwest Region Regional Strategy - 2001

### REGIONAL STRATEGY TARGETS

COUNTY	GOAL	DATE
REGIONAL	DEVELOP BETTER ACCESS	DEC. 2002
YAMHILL	CREATE GOAL 2 BASEMAP	JULY 2003
YAMHILL	CREATE GOAL 4 BASEMAP	July 2007
POLK	FIX NONCONTROLLED AREAS	JULY 2006
MARION	DEVELOP BETTER COUNTY ACCESS	JULY 2002
LINCOLN	DEVELOP GOAL 2 BASEMAP	JULY 2003
LINCOLN	DEVELOP GOAL 4 BASEMAP	JULY 2007
BENTON	DEVELOP ONE BASEMAP	JULY 2005
LINN	OPERATIONALLY TIE MAPS TO GROUND	
REGIONAL	FIX COUNTY BOUNDARIES	JULY 2006

Many business functions in the mid-willamette valley cross county boundaries including watershed management, utilities, real estate, several city governments, emergency management, etc. A consistent basemap with good consistent access will enhance all of these. The regional strategy will be to:

- a. Develop a consistently accurate taxlot map for each county and then to tie them together; and
- b. Provide consistent access to the taxlot basemap through similar desktop and internet tools.
